A Message to LONGMANS MARKHAM KIA'S GUESTS ABOUT THE CORONAVIRUS

The health and safety of our customer and employees are the utmost importance to us.

The world is grappling with an issue of enormous scale and human impact, and our hearts go out to all who have been affected by the outbreak of coronavirus (COVID-19).

The cleanliness of our dealership is always a top priority for us, and now more than ever. In addition to our regular cleaning procedure's, increased sanitization measures are being added to all areas with extra attention to entrance and exit doors, waiting areas, sale desks, service and reception desks and high traffic areas. We have made signage and posted at all entrances to wash your hands in washrooms as soon as you enter the dealership.

In the service bays, all technicians wear gloves. We have antibacterial disinfectant wipes to clean all surfaces inside and outside the vehicles being serviced.

We encourage our customers and staff to use the highest precautions in your own daily routines. Included is the Government of Canada's information site:
